Officer Viereck Gives Us Tips on Preventing Bullying

Wednesday, the fifteenth, we had Police Officer Viereck come and talk to our class about how serious physical, verbal, cyber, psychological and social bullying really is. He also told us some funny experiences he has had in his 11 years as a police officer. He told us some hardships also. He discussed with us about why he decided to become an officer, and even some stories about when he was in high school. Our class had tons of fun asking him questions, but we also learned a lot. I think that our class appreciates the help our police officers provide for us. Now all we have to say is, "Thank You."

Sydnee

Lending a Helping Hand

ON FRIDAY, APRIL 10, THE SCHOOL HELD A GOOD NEIGHBOR DAY—WHICH WE HAVE TWICE A YEAR. THIS TIME I WAS WITH CARYS, ELLEN AND SAVANNAH. WE WENT DOOR TO DOOR GIVING OUT BAGS SO THAT PEOPLE COULD DONATE FOOD TO OUR LOCAL FOOD BANK. ON SATURDAY, SOME PEOPLE FROM CHURCH, ALONG WITH THE PATHFINDER CLUB, CAME OUT AND GATHERED UP THE DONATED FOOD AND SORTED IT. ON MONDAY, THE COLUMBIA COUNTY FOOD BANK CAME TO OUR SCHOOL TO PICK UP THE DONATED FOOD.

DEVON

Class Discussion Leads to Survey

Tuesday, in art class, Carys and I started to talk about who is better, Batman or Spiderman. I say Batman is the best, and Carys says that Spiderman is better. I decided to go around the classroom and take a survey of who likes Batman and who likes Spiderman. Here are my results:

- Devon: Batman
- Mitchell: Batman
- Noelani: Batman
- Ambrose: Batman
- Mrs. Nagele: Batman
- Bethany: Spiderman
- Savannah: Spiderman
- Carys: Spiderman
- Ellen: Spiderman
- Sydnee: Spiderman

We would like to know who you like more. Fill out the opinion poll below and turn it into the office on Monday. Thank you—Mitchell

___ Batman ___ Spiderman

In P.E. Mrs. Peinado is "trying" to teach us how to do front hand walkovers. To master a walkover you basically need to do a handstand then flip over and end up in a backbend. We also have to work on our handstands, some us are ok, (Rosee) and some of us need a lot of work. But with some more practice we'll be pro's.

Sugar Cube Castle Update

In Social Studies we're still learning about Medieval times. To make sure we understand the importance and difficulty they faced with building castles, we get to make sugar cube castles. The group I am in also consists of Rosee, Noelani and Devon. Our castle isn't as big or fancy as stone castles that still stand in Europe. Our sample castle is the size of 8X10 sugar cubes, which is rather small compared to the other group. Our final height will be 15 cubes high.

Carys

My group, Ellen, Bethany, Ambrose, and Mitchell, has a rather large castle built from sugar cubes. It is 24 X24 cubes around and 15 cubes high. We have circle towers instead of squares. We learned that circles are better defense when attacked. So, maybe our castle will last longer under the marshmallow catapult attack later. The amazing thing about my group is when we were planning and designing our we found out how many cubes we needed. It was over 10,000 cubes! We were able to reduce it to about 4,000, without changing the look of our castle. So, we are very proud of ourselves. Savannah

Important Dates

CREATIVE WRITING STORIES DUE	4-20
HOT LUNCH: HAYSTACKS	4-21
HOT LUNCH: SPAGHETTI	4-22
HOT LUNCH: MAC & CHEESE	4-23
NEWBERY PROJECTS DUE	4-24

SWIMMING LESSONS BEGIN
MAY 6TH

-ATTENTION-
On May 13 our class will be joining with the 3rd-5th grade class on a trip to the Ape Caves in SW Washington. Look for a permission slip closer to the field trip date.

NO MAN DROWNS IF HE PERSERVERES IN PRAYING TO GOD, AND CAN SWIM.

RUSSIAN PROVERB

SWIMMING LESSONS COMING SOON

The sixth thru eighth grade class will begin taking swimming lessons as part of our P.E. program. We will be starting our lessons on May 6 and they will continue through June 8. The scheduled time for our lessons is 2:10-2:50, Mondays and Wednesdays, except: May 13th and the 25th—due to a field trip and Memorial Day holiday. The cost is \$30.00 per student. Please make your payment

to Scappoose Adventist School and mark it for swimming lessons.
We will be leaving the school at 1:50 and arriving back around 3:10. If you would like to pick up your child from Eisenschmidt pool, yourself, on our scheduled swimming days, let me know. Transportation will leave the pool at 3:00! If you are not there by then, your child will be trans-

ported back to school. We will not wait, as I have parents expecting students back at school.
We are always looking forward to learning new skills and getting great exercise while we do.
Make sure your daughter has a one piece suit for their lessons.
More information later!

Progress Reports
Every 2 weeks instead of every week.

Progress Reports

Attention parents!
I will be sending home progress reports on a bi-monthly basis instead of every week. I would like to save ink and paper, as it takes great amounts of both to process these reports every week. If your students are having a difficult time keeping current with their assignments I will update you as the concern arises. Thanks for understanding.
Mrs. Nagele
